# Great Throngs Visits Crystal Candy Kitchen

---

Throngs of people crowded into the handsome new store of the Crystal Candy Kitchen at 76 State street on its opening this afternoon. A wealth of palms and flowers added to the beauty of the interior. Music was furnished by an orchestra. Attractive calendars and tickets redeemable for a box of chocolates on Wednesday next were distributed as souvenirs. These will be given away during the remainder of the afternoon and evening and the orchestra will also give a concert to-night. The mammoth soda fountain and the spacious ice cream parlor were liberally patronized.
